CHEYGAR - 604 407

Permanently Affiliated to THIRUVALLUVAR UNIVERSITY, Vellore.

Re- Accredited by NAAC with 'B' Grade - Approved By AICTE

Recognised Under Section 2 (f) & 12 (B) of UGC Act.

## **Genesis**

Mr. Abboy Naidu, an agriculturalist from Vallam Village near Cheyyar ardently believed that education is the best tool and perhaps the only tool for the advancement of an individual and the society.

With this in mind Indo-American College was established in August 1998 by Abboy Trust named after M. Abboy Naidu. The Trust has been mostly funded by the Indo-American Foundation Inc. California, U.S.A. to improve Education in rural India. The foundation has built many school buildings and donated them to public schools.

## **Policies and Guidelines of the College Democracy:**

Indo-American College (IAC) is a non-bureaucratic, transparent, classless and a seamless institution. No one is considered superior than the other. The students, the faculty and the administrative staff will work together and are free to express, interact and discuss their view-points without fear.

Freedom of expression and freedom to dissent will be an integral part of IAC. No one shall be penalized for expressing an opinion or asking questions.

## **Rules and Regulations:**

From time to time IAC will formulate rules and regulations along the lines of the policies and guidelines of the College and will be notified to all concerned. These rules and regulations will be fair and reasonable and will be enforced to maintain the just interest of the students and the proper functioning of the college.

The principles of fair hearing and due process will be honored whenever disciplinary action is taken. The affected party shall have a right to appeal and be heard by an appropriate committee so constituted representing the interest of all (students, staff and administrators) concerned.

## **Division of Responsibilities:**

The Principal shall be primarily responsible for managing the interest of the students and the faculty of the College. She/he shall administer the office with kindness and compassion while maintaining order and discipline.

Disciplining the students and the faculty is a dual responsibility of the Principal and the administration. One must always consult the other.

## **Proper Channel:**

While “proper channel” is necessary in most part for orderly routing, processing of information and decision making, all members of the college shall have direct access to everyone else.

## **Formalities:**

IAC does not believe in formalities. Students, faculty members, the Principal, and administrative staff may interact informally and discuss any matter of mutual interest at any location and at any time so that they are comfortable. For example, a teacher may request the Principal for vacation holiday or sick leave in the hallway. This, of course, must be followed by a written request.

## **Saluting the teachers, The Principal and Administrative Staff:**

Saluting has evolved as a tradition after the former rulers of India to recognize and greet individuals. If it promotes hierarchy, authoritarianism and regimentation, IAC believes that it should be done away with. Students, Teachers, Principal and the administrative staff need not greet each other by saluting nor do the “higher ups” should expect such salutes. It is perfectly acceptable to offer Vanakkam, Namaste or Namashkar in the traditional Indian manner. Instead, one may gently bow the head down, offer such greetings as good morning etc. or simply smile to greet others.

## **Transfers:**

In the pursuit of happiness, growth, self improvement and self preservation or for any other reason the staff and students may request

transfer to other institutions, locations, courses or entirely other fields. They will be treated as anyone would want to be treated in a similar situation. IAC would provide help for orderly transition wherever and whenever possible.

### **Student Discipline**

IAC believes that the best form of discipline is self-discipline. It will bring, peace, harmony, happiness and help high levels of academic achievements.

The Principal and the Teachers are responsible for maintaining discipline in the College campus. Disciplinary action including dismissal, shall be imposed on students responsible for disruptive activities depending upon the severity of their acts. Acts of grievous nature done outside the college premises will also be considered when taking disciplinary action.

Inappropriate and indecent remarks, vulgarity in speech and action, intimidation, threats, exploitation of weaknesses and acts of similar nature will be considered serious violation of the codes of the college and will be dealt with severely. The punishment will range from simple warning to expulsions from the College.

## Translation

Thou art the ruler of the minds of all people  
Thou dispenser of India's destiny  
Thy name arouses the hearts of Punjab, Sindh  
Gujarat and Maratha, of Dravid, Orissa and Bengal  
It echoes in the hills of the Vindhyas and  
The Himalayas, mingles in the music of the  
Jamuna and the Ganges and is chanted by  
Waves of the Indian sea.  
They pray for thy blessing and sing thy praise  
Thou dispenser of India's destiny  
Victory, Victory, Victory to Thee.

## Pledge

I solemnly pledge to work with dedication to preserve and strengthen the freedom and integrity of India.

I further affirm that I shall never resort to violence and that all differences and disputes relating to religion, languages, region or other political or economical grievances should be settled by peaceful and constitutional means.

Dream, Dream Dream! Dreams transform into thoughts, and thoughts result in action. Difficulties in your life do not come to destroy you, but to help you realize your hidden potential and power. Let difficulties know that you too are difficult.
